Dear Parents & Carers,

29th September 2026

Maths Open Morning

On Thursday 8th October 2026, we would like to invite you into the infant classes to join us in a mathematics lesson. In addition, on the same morning, we will also be holding a Maths Problem Solving breakfast in the school hall, with access through the hall door (car park entrance) from 8:15am. There will be lots of different activities for the children to complete using their mathematical knowledge and problem solving skills. Children must be accompanied by a parent or carer please, until the bell rings at 8:40am, when the infant children can go straight to their classrooms.

At this point, adults can stay in the hall while the children are registered in their classes. There will be some key information about our maths curriculum, delivered by Miss Asquith and the opportunity to ask any questions you may have. At 9.00 am, you can then go to join your child in their classroom for the maths lesson, which will finish at 10.00am.

Due to the restrictions of space and the nature of the activities, on this occasion we cannot accommodate younger siblings **during the maths lessons**. Younger children, including children from Nursery are, however, very welcome at the problem-solving breakfast before school.

Yours sincerely,

V Asquith

Miss V Asquith
Maths Lead
