End of Key Stage 1 Assessment Scores

Understanding End of Key Stage One Assessment Scores

Up until the end of the academic year 2022-2023, pupils were expected to complete the Key Stage 1 SATS, which produce a record of pupil attainment. Pupils' results are based on attainment through a scaled score and teacher assessment, which then calculates whether the pupil is deemed to have made expected progress or is still considered to be working towards the expected standard. Below is a table which illustrates the attainment of pupils at Church Gresley Infant and Nursery School in comparison to the picture both in Derbyshire and nationally.
